Summary

Information Technology graduate with strong expertise in web development (Java full-stack, React, Spring Boot) and problem-solving skills in Java. Skilled in designing scalable applications and contributing to professional projects through internships.

Technical Skills

- **Programming Languages:** Java , JavaScript
- **Frontend:** HTML5, CSS3, React.js, Bootstrap
- **Backend:** Spring Boot, Hibernate JDBC API
- **Database:** MySQL
- **Tools:** Git, GitHub, VS Code, Eclipse IDE, Spring Tools

Projects

E-Book Management System - Java full-Stack

[Link](#)

Description: The E-Book Management System is a web-based application designed to simplify the management and distribution of e-books. The system allows users to browse, buy, and sell the books in digital format. The system also provides administrators with features for managing the e-books, users, and categories.

Password Generator– Frontend.

[Link](#)

Description: In today's digitized landscape, where online security is paramount, our Password Generator mini project serves as a pivotal tool to reinforce digital defences. This initiative aims to address the vulnerabilities associated with weak passwords, offering a solution that goes beyond conventional approaches.

Stop watch – Frontend.

[Link](#)

Description: A stopwatch is a time-measuring device used for recording and displaying elapsed time. This simple yet powerful tool finds applications in various scenarios, from tracking exercise routines to measuring the duration of events.

Scientific-Calculator – Frontend.

[Link](#)

Description: Developed a web-based Scientific Calculator using HTML, CSS, and JavaScript that performs both basic and advanced mathematical operations. The application supports arithmetic calculations along with scientific functions such as trigonometric operations, logarithms, square root, power, and percentage. Implemented efficient JavaScript logic, DOM manipulation, and event handling to ensure accurate real-time calculations. Designed a clean, responsive, and user-friendly interface compatible with multiple devices.

Education

B.Tech. in Information Technology

Nov. 2022 – May 2025

Veer Bahadur Singh Purvanchal University, Jaunpur

Percentage: 71%

Diploma in Mechanical Engineering (Automobile)

July 2019 – July 2022

Govt. Polytechnic Gorakhpur UP

Percentage: 77.49%

Intermediate

April. 2017 – April 2018

MSI Inter College Gorakhpur (U.P)

Percentage: 70%

High School

MSI Inter College Gorakhpur (U.P)

April. 2015 – April 2016

Percentage: 80.5%

Technical Achievements

- Completed Java full-stack certification course From DUCAT.

Declaration

I hereby declare that all the information given in this resume is accurate and true to the best of my knowledge. The technical skills, internship experience, and project details mentioned above can be confirmed on request.
